# Cassandra Book

WEB DEVELOPER SPECIALIZING IN E-COMMERCE

## EDUCATIONS

### Web developer specializing in e-commerce

Medieinstitutet | sep 2022 - jun 2024

Degree in Front- and Back-end Development, System Development, Database Technology, Responsive Web Development, E-commerce Systems, System Support, and Third-party Systems.

### Events and projects with digital marketing

Södertörns university | jan 2022 - jun 2022

Proficient in project coordination, event experiences, event planning, product concept development, digital marketing, and project management.

## WORK EXPERIENCES

### Hopen Internship

Front-end developer | oct 2023 - dec 2023

During my LIA at Hopen, I created dynamic web interfaces with React and TypeScript, styled components with SCSS, worked with databases and SQL, and integrated Jira and Notion into the workflow, leveraging Azure for cloud-based solutions.

### H&M

Sales advisor | apr 2018 - juni 2022

I handled customer service, merchandise restocking, unpacking of goods, and store fronting on a daily basis, actively took initiative to achieve sales targets.

Floor manager | aug 2018 - aug 2019

In my role as a floor manager, I assisted department managers with daily operations and ensured that work distribution was optimized, with the right staff in the right position. I also monitored sales outcomes and established targets for my team.

### BIKBOK

Sales advisor | oct 2015 - apr 2018

As my store manager's right hand, I supervised operational tasks, ensured efficient merchandise management, daily customer service, cashier services, and mentoring of interns. I was responsible for receiving goods and product care, as well as contributing to the store's visual presentation.

### Lekia

Sales advisor | feb 2013 - sep 2015

I worked every other weekend during my high school years. My responsibilities included operating the cash register, facing the store, unpacking deliveries, as well as providing customer service.
